### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Thomas C. Basso on February 17,2009.

-In line 7 of claim 8, change " supporting substrate" to "non-transparent supporting substrate"

-In line 13 of claim 8, change "supporting substrate" to "non-transparent supporting substrate".

- In line 7 of claim 13, change "supporting substrate" to "non-transparent supporting substrate".

-In line 11 of claim 13, change "supporting substrate" to "non-transparent supporting substrate".

-In line 7 of claim 14, change "supporting substrate" to "non-transparent supporting substrate".

-In line 11 of claim 14, change "supporting substrate" to "non-transparent supporting substrate".

-Delete claims 15-17.

2. The following is an examiner's statement of reasons for allowance: The instant claims recite a reversible thermosensitive recording layer wherein the recording layers

are formed on a non-transparent substrate such that the longest wavelength recording layer is nearest to the substrate and the recording wavelengths used for the recording layers decreases as one gets further away from the substrate. This structure and ordering of layers is not found in the prior art and has been shown to give unexpected results. As shown in the applicant's specification this ordering results high image quality free from fogging.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ANNA L. VERDERAME whose telephone number is (571)272-6420. The examiner can normally be reached on M-F 8A-4:30P.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Huff can be reached on (571)272-1385. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
